Experience

Frigate Product Designer

2024 - 2025

- Spearheaded the development of Portal and F. Intranet, multi-platform and multi-software projects
- Designed wire-frames, prototypes, and visual designs for mobile and web-based products
- Conducted usability testing and iterated on design solutions based on user feedback
- Collaborated with developers to ensure that designs were accurately implemented and met accessibility standards

Bitezise UX UX/UI Designer (Internship)

2023 - 2024

- Conducted user research and analyzed data to identify design opportunitiest and inform design decisions
- Collaborated with cross-functional teams to create wireframes, prototypes, and high-fidelity mockups
- Facilitated design reviews and user testing sessions to gather feedback and improve design solutions

Education

Universidad Simon Bolivar BSc (MI)

2018 - 2022

- Relevant coursework: Interaction Design, User-Centered Design, Design Thinking, Information Architecture, and User Research
- Completed a capstone project on designing a Manual of Procedures for solving a key problem at the internships' company for my degree

Coursera Google UX Design

2024

- Intensive, full-time program that provided hands-on training in user-centered design, prototyping, and visual design
- Completed several design projects, including designing a mobile app for mental health, a website for a local non-profit, and an e-commerce platform for a start-up
